THE MINERS FOUND.—A special dis-
patch to the JOURNAL received from Vir-
ginia at 8 o'clock last evening says:

Early this morning communication
was effected with the Gould and Curry
mine from the Con. Virginia rescue
drift on the 1500 level. The bodies of
the six entombed miners were not found
but were ascertained to be in an old
winze one hundred feet north of the
Curry shaft, below the 1500 level, com-
municating with the Sinto Tunnel, but
bulkheaded. Preparations are now be-
ing made with air pipes to enter this
winze from above and below. The
bodies will doubtless all be recovered
to-night.

Nor "Just So."—While it is not the
purpose of the JOURNAL to rob Mrs.
Mary S. Doten, who is a ripe scholar
and an excellent teacher, of any of her
laurels, it is but justice to correct the

DEATH OF PETER W. JOYCE.—Peter
W. Joyce, who has been the barkeeper
at the Palace since the hotel was opened,
died late on Tuesday afternoon, after a
short illness, aged forty-four years. He
was taken sick last Friday, but was not
thought to be in danger until Sunday.
He was well known and well liked by
thousands of the guests who visited the
hotel, having always a cheerful word for
all. His death will be a genuine sur-
prise to his acquaintances scattered all
over the State and country. The de-
ceased leaves a wife but no children.
The time for the funeral is not set.—S.

THE SURVEYORS IN SUSAN-
VILLE.

Engaged in Running a Line up
Pinto Creek—An Easy Matter to
Get on Top of the Hill—Talk
with Mr. Warner.

The Lassen Mail remarks:
The engineers of the Nevada and Cal-
ifornia Railroad Company arrived in
Susanville last Thursday, having run a
line part way from Janesville. They
were taken up the hill by Mr. Spencer,
and shown where a line at Pinto Creek
can come out. The Chief Engineer
seemed pleased with the outlook and ex-
pressed himself as satisfied he could
reach the top with a grade of 100 feet or
less to the mile.

"When we take into consideration
that the Denver and Rio Grande, a
narrow gauge road, is operating a road
that runs over grades 180 feet to the
mile, this grade is nothing," remarked
Mr. Warner to a Mail representative.
"There are two or three ways of reach-
ing Susanville from Janesville, and
what I want to demonstrate now is that
the road can get away from here. It
seems strange that so much attention
has been given to railroad building in
the southern part of the State, when
there are so many routes in this section
that would pay big. I am satisfied that
a line from here to Chico would pay
well."

"It is a fine timber country," we
suggested.

"Yes, and not only that, it passes
through a rich agricultural and dairying
section which would be immensely in-
creased by a railroad. It will eventually
be built. A line running from Susan-
ville to Chico, and another from Los
Angeles to the Columbia river passing
through here would make of this town a
booming city. We intend to run a
line of survey through the woods to
Eagle Lake, or as near the lake as pos-
sible. As far as to saying positively
that the road will reach Susanville or
not, of course, I cannot say. I run the
lines, the company choose the one run-
ning where it will pay the best and
build the road."

"How long have you been a railroad
surveyor?"

"About twelve years. Have worked
for the C. P., Oregon Pacific and Den-
ver and Rio Grande. I never worked on
the southern route. Before the com-
pany resume work between here and
Moran, I expect to again go over the
surveyed line with Mr. Gest, who thinks
it is too crooked, but it is my opinion
that it will be found to be as straight as
possible. Mr. Gest is also an old rail-
road engineer, and a good one, too."

"How long do you think you will be
in this section?"

"It will take us some time. I in-
tend to find the easiest grade to the top
of the bank east of here."

Mr. Warner evidently understands
his business, and we have but little
doubt that he will show that a road can
be built as easily up to the top of the
hill as over any portion of the proposed
route. Once on top, it will be easy
sailing for forty miles, or until the lake
is reached.

"A MAN FROM RENO."

Nevada Gossip—Editor Preble Talks
of Railroads and Mining.

The San Francisco Chronicle, of Fri-
day last, contains the following:

C. S. Preble, of Reno, who left the
office of Surveyor-General of Nevada to
assume the editorship of the Reno
Gazette, came to town yesterday, and is
at the Palace.

"Western Nevada," said he to a re-
porter, "is being more rapidly developed
than many people imagine. Reno is a
growing town, and the agricultural dis-
tricts nearest at hand are receiving
marked attention. We hope much
from the Nevada and California railroad,
now under construction. The line has
been built from Reno to Moran, on our
side of the State line, a distance of about
thirty-six miles, and some track has
been laid still farther north. It will
probably be completed for about fifty
miles, and possibly for a greater dis-
tance, reaching well up into Lassen
county and turning the trade of the
Honey Lake and Surprise Valley its
way, making a much better and quicker
route than the one into Reno. Lassen
county is a county with a great future
in store for it. It is a splendid wheat
and alfalfa district. Farming will suc-
ceed best there with irrigation, and some
big schemes for getting the water out of
the lakes and into the valleys have been
set afloat. One of the largest enter-
prises of this class is that of Captain
Merrill, of your city, who is trying to
take water from Eagle Lake to Eagle val-
ley, where there is about 100,000 acres
of agricultural land. The plan is a good
one, but it involves the investment of
considerable capital. There is a splendid
apple-growing district near Honey Lake,
and the apples from that section are be-
coming known as the best in the mar-
ket.

"Sheep-raising is receiving more at-
tention in Nevada than ever before. It
is now a leading industry and large
tracts of land are given over to it. Na-
ture is against Nevada as a whole, but
there is plenty good country for grazing,
and we are trying to do something in
the agricultural line.

"About the Comstock? Let me tell
you it is not the hopeless case that some
persons are trying to make it out. There
is no boom, to be sure, and property in
Virginia City has had no advance in
value, but there is plenty of good min-
eral development. A concentration of
forces is now underway—different inter-
ests combining in a plan to work low-
grade ores by water power, the water
being supplied by a new pipe from Mar-
lette Lake.

"Politics? In that field there is very
little to talk about at present. Our
people are having their attention at-
tached to the American party. As yet
no attempt has been made to organize
in Nevada, but on all sides I hear the
general opinion that if leaders were
found for the movement it would not
take long to gather a large following.

Now that the Democrats have cap-
tured all the Internal Revenue Collec-
torships, would it be offensive partisanship
to abolish the system?—Bulletin.

Advice to Mothers.

Are you disturbed at night and broken
of your rest by a sick child suffering
and crying with pain of cutting teeth?
If so, send at once and get a bottle of
Mrs Winslow's Soothing Syrup for
Children Teething. Its value is in-
calculable. It will relieve the poor little
sufferer immediately. Depend upon it,
mothers, there is no mistake about it.
It cures dysentery and diarrhoea, reg-
ulates the stomach and bowels, cures
wind colic, softens the gums, reduces
inflammation, and gives tone and en-
ergy to the whole system. Mrs. Wins-
low's Soothing Syrup for Children
Teething is pleasant to the taste, and is
the prescription of one of the oldest and
best female nurses and physicians in
the United States, and is for sale by all
druggists throughout the world. Price
25 cents a bottle. feb. 21-sw f-1v

Entries to all trotting races will close September 1st, with the Secretary. Five or more to enter and three or more to start in all races for purses.

National Trotting Association Rules to govern trotting races. State Coast Blood Horse Association Rules to govern running races, except as above.

But the Board reserves the right to hold a less number than five to fill, by the withdrawal of a proportionate amount of the purse. Less than ten per cent. on purse, to accompany nomination.

National Trotting Association Rules to govern trotting, but the Board reserves the right to trot heats of any two classes alternately, if necessary to finish any day's racing, or to trot a special race between heats. INDIAN PONY RACES.
 On Thursday, Sept. 22d, Monday, Sept. 26th and Thursday, Sept. 29th the novelty of an Indian pony race will be provided, and the amusing sight of twenty or thirty noble red men of the forest, mounted on the wildest and most unmanageable cayote imaginable, snorting around the track at break-neck speed, will, as they say at the circus, be alone worth the price of admission.

CLYDESDALE MEDALS.
 The American Clydesdale Association will give a valuable medal, of suitable design, for the best recorded Clydesdale stallion, and a similar medal for the best recorded Clydesdale mare bred in Nevada, and exhibited at the State Fair of 1887.

PARKER'S MAP OF NEVADA.

PARKER'S NEW MAP OF NEVADA.

THIS NEW AND BEAUTIFUL

MAP OF THE STATE,

Has Just Been Published, and is Now Ready for Sale.

It has been completed with great care in order to be strictly correct, and furnishes a vast fund of valuable information regarding the topography of the State. There never has been a Map of the State prepared heretofore worthy of the name, and it is intended to fill a long-felt want on the part of citizens. It has been lithographed at large expense by the famous publishing house of Rand, McNally & Co., of Chicago, and does great credit to their well-known skill in the art. The Map is drawn on a scale of 12 miles to the inch, and shows all surveyed Townships up to date of issue, also all Mountain Ranges, Valleys, Rivers, Creeks, Brooks, Streams and Lakes; it also shows the correct position of all Indian and Military Reservations, and all Cities, Towns and Settlements; also all Railroads and the principal Wagon Roads. The County Boundaries are also depicted with absolute correctness, which is something that no other Map has even approximated to.

The Map is printed on the best of paper, and mounted with stick, top and bottom, with tape on edges and varnished; it is also printed on thin, strong paper, which folds up in stout covers for pocket form. The Counties are printed with different colors, making it altogether an ornament to any school house, office, saloon or private room, as well as valuable for instruction and reference.

The Map has been compiled by John W. Parker, the Chief Draughtsman of the United States Surveyor-General's Office at Reno, who holds the copyright, and is the condensation of all information on file in that office, as well as the celebrated War Department Maps prepared by Lieutenant Wheeler; he has also had at his command other recent and reliable data on which to rely, and the Map is issued to the public in the firm belief that it is in every way authentic.

The Price of the Map is \$5.00, And copies will be sent to any address, postpaid, upon receipt of the money. Parties ordering will be careful to state which style is desired—mounted or pocket form.
